

Create a Museum Panel

The famous Jorvik Centre Viking museum in York have suggested that we create a museum exhibition display in school that shows key features of **Viking life in Britain**.

You should create an A3 “panel” (a piece of A3 paper, landscape or portrait) for the exhibition. Each panel must contain:

- A title
- 3 key questions
- 3 blocks of text
- 4 images

You can select from one of the following areas of Viking life to find out about:

The Sagas (old Norse tales and mythology)

Runic Writing

Religion

Famous Vikings

Town Life

Vikings at war (equipment, clothing, tactics etc.)

Viking Crafts (boat building, jewellery, metalwork etc. You could focus on just one craft)

Remember!

- ⇒ Come up with your own questions
- ⇒ Please avoid “copy and paste” from the internet for text - it is better for you to make notes and put the information into your own words
- ⇒ Text can either be handwritten or digital.
- ⇒ Images can be drawn or printed/copied and pasted from websites or a mix of both
- ⇒ This is for an exhibition in school so presentation is very important
- ⇒ A3 paper is available on request from school

Deadline: Week beginning 22nd May when you have the lesson / teacher that you have completed the work for. If you wish to submit it on school360, the classroom code is 7x2hogu
