

JAZZ MUSICIANS

This term we are looking at Jazz Music, and will explore listening to a variety of different famous musicians throughout this time.

Have you heard of these famous Jazz Musicians?

Ella Fitzgerald

Louis Armstrong

Charlie Parker

Task:

Prepare a PowerPoint presentation about one of these famous Jazz Musicians (if you are passionate to write about a Jazz Musician who is not on this list please see Mrs Fisher);

The following themes or topics may help;

- A biography about the artist including key dates
- History of the artist
- Key pieces of music including your favourite (with justification)
- What is your musician for, and how have they helped shape and/or develop Jazz Music.

To be successful:

- Complete the PowerPoint and be prepared to be asked to deliver your presentation – you will also need to print out small versions of your slides to stick into your enrichment book.
- Use images to enhance any writing on the slides
- Ensure that in your delivery of the presentation you do not just read from the slides.
- Describe in detail the influence this musician has had on Jazz Music
- Why would they be a good ambassador for Music at Corbridge Middle School – how do they follow or demonstrate the four core values (Respect, Responsibility, Resilience, Care).
- Completed and a print out of slides handed to Mrs Fisher by ***Friday 9th October.***
