

# Year 8 RE Enrichment Homework

In response to our unit on 'Social and Moral' issues, record or write a speech directed at a live conference broadcast to the world, linked to an important global issue.

## How can I hand it in?

**Google classroom code is: dix6ogr**

Or in your 'Enrichment Book' if written.

## You must include in your project:

A social or moral issue that you feel strongly about, linked to issues that face the current world. A written or spoken piece that must have a maximum of 500 words or be no longer than 2 minutes in length.

**Think** about how you are going to engage your audience emotionally: you want them to stay focused, engaged and remember what you have said.

**Extra challenge** Either set up a podium with speakers and video your speech or audio record your speech with props.

**Date Due:** Week beginning 22nd May in your RE lesson. Please submit written pieces in 'Enrichment Book', not loose.
